Our People

Meet our amazing volunteers:
Bruce and Carol.

Bruce and Carol adopted a Sula dog and became an integral part of our rescue family. From adoption to fostering this amazing team is "the boots on the ground" in Victoria, BC, Canada. They lovingly care for dogs placed in their care and seek out the perfect match. Adopters and foster dogs all love Bruce and Carol, and we could not be more grateful for their help and support.

Were they adopters before fosters, or fosters before adopters? While we cannot decipher chicken and the egg conundrum, we are lucky to have you on our team!

Thank you for everything you do for The Sula Society and rescue dogs Bruce and Carol!

Plight from Korral...

After being born at the shelter and dotted on by all the volunteers my time has come. I found a loving home in Canada and flew cargo to start my life! I hope my brother Koko will be just as lucky... You may be hesitant to adopt a dog that spent all his life at the shelter but let me tell you about my journey. I adjusted beautifully, and I am sure my brother Koko would as well. My adopter is stunned how well I walk on a leash, and how the resident cat is not my concern. I take everything in stride – it runs in the family!

Please consider giving my brother Koko a loving home!

"MUST LOVE DOGS!"

We Have the Best Volunteers!

Sula's volunteers have been working hard to promote large dogs and facilitate their adoptions. From walking dogs at the shelter, to taking pictures, videos, posting and sharing – it all made a huge difference! Each large dog adopted allowed us to help another.

Some long-term residents made their journeys to loving homes thanks to our volunteers! While heat embargo makes flight arrangements more challenging, Aero Mexico continues to fly large dogs. We are very lucky to have one of our volunteers – Sherry in Seattle able to overnight dogs connecting via Alaska Air from Puerto Vallarta to Vancouver, Comox or Victoria. Sula's team is AMAZING, and we want to thank every volunteer who supports us and Sula's dogs.

Thank you!

You are the soul of The Sula Society rescue, and you make the difficult possible!

Since Nov 1st, 2024, 35 larger, deserving dogs have been adopted!

Upcoming Events

The Sula Society works hard to not only rescue and rehabilitate abandoned dogs, but also to educate locally and promote animal welfare.

Many students come through the rescue's gate to volunteer and learn about the animal care. Upcoming spay and neuter clinic will facilitate not only learning environment but also offer free of charge spay and neuter services.

Furthermore, new generation of future pet owners will learn about proper animal care and discuss training with Sula's own trainer extraordinaire – Roy. As Roy said in one of his outreach visits at the local school: "OUR FUTURE LIES IN YOU."
